Erode, Tamil Nadu - 638051 • +91 8778290919 • rajkumaranbzhagan98@gmail.com
Portfolio • GitHub

Profile

Motivated Full Stack Developer with practical experience in building secure, efficient, and scalable web applications. Skilled in end-to-end development, database management, and system optimization. Seeking to contribute technical expertise in a growth-driven organization.

Experience

Software Developer, Nandha Engineering College - Erode Jan 2025 - Present

- Developed and maintained academic and administrative web applications with scalable backend systems.
- Integrated databases and automated workflows to enhance functionality and reduce manual processes.

Software Architect (Part-Time), Search First Technologies (P) Ltd - Erode July 2025 - Present

- Architected and developed web and AI-based applications, managing end-to-end system design and deployment.
- Designed scalable architectures with structured databases and APIs while optimizing performance.

Projects

College Management System (CMS) / React.js, Node.js, and MySQL

- Developed a comprehensive system to manage academic and administrative activities including attendance, timetables, and marks.
- Designed secure backend services and optimized database operations for reliable performance.

Principal Appointment System (PAS) / React.js, Node.js, and MySQL

- Developed a centralized appointment system with booking workflows and real-time status tracking.
- Ensured secure data handling with automated notifications for smooth staff-administration coordination.

Student Late Monitor (SLM) / HTML, CSS, JavaScript, PHP and SQL

- Developed a web-based system to monitor and record late entries using barcode scanning of student ID cards for instant data capture.
- Implemented secure authentication, automated logging, and real-time database updates to ensure accurate tracking and administrative control.

Education

B.E. Computer Science and Engineering Jun 2020 - July 2024

- Nandha Engineering College, Erode
- CGPA - 9.0

Technical Skills

- **Languages** : HTML, CSS JavaScript, React, Node.js, PHP, Python
- **Database** : SQL, MySQL
- **Tools** : VS Code, Git, GitHub
